Harvest Dance 2026

Dear Neighbor,

The Charles Koiner Conservancy for Urban Farming (CKC) is excited to host its fourth annual Harvest Dinner & Dance at our beautiful Koiner Farm, in support of our programming that promotes nutritious food, social-emotional connections, and resilient communities. This signature event will feature our intimate urban farm setting with delicious food and beverages, under a canopy of twinkling lights nestled among vibrant Downtown Silver Spring.

An anticipated **100+ neighbors and community leaders** will gather for a farm-to-table meal followed by light-hearted community dances led by a professional. Prior to the dance, our sponsors are invited to join us for special reception, with small group tours of the farm and a signature cocktail.

Nonprofit urban farms, like Koiner Farm and Loiederman Farm, offer corporations some of the best opportunities for social responsibility, staff engagement, and visibility. If your corporation is seeking a nonprofit partner who is addressing some of the most pressing social issues of our time, please consider a Harvest Dance Sponsorship in support of the Charles Koiner Conservancy.

Rooted in Community

OUR MISSION

Our mission is to create and sustain a network of neighborhood farms that promote healthy living, inspire food system innovation and build community resilience. Founded in 2018 as a local land trust, we are creating and sustaining a network of community-led farms and gardens throughout Montgomery County, MD.

The United States has lost **4 million of its 6 million family farms** over the last half century (U.S. News and World Report), and obesity in children has **more than tripled** since 1970's (CDC). Our Montgomery County communities need access to agricultural education, homegrown produce, and opportunities to develop community resilience more than ever.

DONORS & SPONSORS

Farming is tough business, and the market price for fresh produce does not even come close to covering full cost of production. That is why donors and sponsors are critical to creating a more sustainable food system.

In partnership with our donors and sponsors, we provide opportunities for engagement & promotion.
